

THEFT DETERRENT

DUCKBILL® Earth Anchors are used worldwide to secure items that can be easily stolen, moved or blown away. The anchor system also has one-man installation capabilities without the need for expensive digging equipment and are designed with a length of galvanized wire rope long enough to allow for movement for mowing or maintenance.

Report losses of tens of millions of dollars per year due to theft. DUCKBILL Earth Anchors reduce theft and unwanted movement of objects like:

- Tables
- Benches
- Grills
- Trash Cans
- Bicycles
- Signs

This patented labor and time saving device is driven into the ground (with no holes, no digging and no concrete), providing a safe and environmentally sensitive installation. An upward pull on the anchor tendon rotates the device into a perpendicular “anchor lock” position in undisturbed soil. The result, superb [HOLDING CAPACITIES](#).
